## FULL STACK DEVELOPER

### CORE COMPETENCIES

- ❖ Frontend Development
- ❖ Backend Development
- ❖ Database Management
- ❖ Laravel PHP Framework
- ❖ Debugging
- ❖ Version Control
- ❖ HTML, CSS
- ❖ Bootstrap, JavaScript
- ❖ jQuery, PHP, MySQL
- ❖ Feedback Implementation
- ❖ React Native, React JS, Node JS
- ❖ Client Relationship Management
- ❖ User Interface Design
- ❖ Web Architecture
- ❖ Application Program Interfaces
- ❖ Web Development
- ❖ Performance Monitoring
- ❖ Process Management

### EDUCATION

#### Bachelor of Science

Applied Geophysics

Alex Ekwueme Federal University,  
Ndufu-Aike, Ebonyi, Nigeria

[funai.edu.ng](https://funai.edu.ng)

2021.

### SOFT SKILLS

- Attention to Detail
- Collaboration
- Adaptability
- Accountability
- Teamwork
- Analytical Thinking
- Communication
- Creative Thinking
- Leadership
- Problem-Solving
- Work Ethic
- Decision Making
- Multitasking
- Time Management

### CAREER SUMMARY

- ❖ Full stack developer with a solid comprehension of API integration, server management and deployment best practices.
- ❖ Led the development and deployment of a [web application](#) that enhanced brand visibility and boosted lead generation and sales for a business owner.
- ❖ Result-oriented with proficiency in streamlining debugging and web application development processes to enhance efficiency and productivity.

### OUTSTANDING ACHIEVEMENTS

1. Reduced server load by 20% by applying cutting-edge caching mechanisms.
2. Optimised code & database queries, boosting website loading speed by 25%.
3. Improved website usability & functionality through responsive UI/UX designs.

### PROFESSIONAL EXPERIENCE

#### Web Developer

Mar 2023 – Jan 2024.

Freelance • Remote

- Streamlined collaboration and task tracking with communication tools, which increased efficiency, productivity and on-time delivery of 10+ projects.
- Collaborated with clients, delivering exemplary projects within timeframes, achieving 95-98% customer satisfaction.
- Conducted usability testing, identifying, analysing and resolving coding challenges which minimised error rates by 10%.
- Enhanced bug resolution time by 15% by streamlining debugging processes.
- Increased mobile users by 45% through enhancing mobile responsiveness.
- Reduced server load by 20% by applying cutting-edge caching mechanisms.
- Optimised code & database queries, boosting website loading speed by 30%.
- Improved website usability & functionality through responsive UI/UX designs.

### PROFESSIONAL COURSES

#### Full-Stack Web Development

Bizmarrow Technologies  
2023

#### Laravel PHP Framework

Bizmarrow Technologies  
2023

### SKILL ANALYSIS

- **Analytical Thinking:** skilled at deconstructing intricate challenges to craft and deploy practical solutions during project execution.
- **Attention to Detail:** expertise in paying close attention to detail during development phase of projects to ensure error-free codes
- **JavaScript & CSS:** capable of utilising JavaScript and CSS to develop aesthetically appealing and interactive user interfaces to enhance UX.
- **Time Management:** skilled at organizing, prioritizing & strategically execute multiple tasks to enable the delivery of assigned tasks.
- **Database Management:** skilled at efficiently managing databases to ensure optimal performance and applications functioning.
